

SALINAS TOWN COUNCIL

MUNICIPAL EDICT

Due to the increasing number of Coronavirus (COVID-19) cases that appeared recently in Spain, the Autonomous Government of Valencia has issued an Official Communication in which preventive measures are to be taken to tackle the expansion of this disease. Because of this, Salinas' Town Council has declared the Rastro to be cancelled until further notice.

Public events organized by this Council, such as the II Conference for Equality against Gender Violence, scheduled for this Sunday, March 15, have also been postponed.

In addition, it is also recommended that citizens delay or avoid any kind of private event that involves large crowds in closed spaces, as well as to maintain the recommendations that have been issued by the Conselleria de Sanitat Universal of the Valencian Community and the Ministry of Public Health of Spain.

Depending on the evolution of this special situation in which we find ourselves, further postponements and/or cancelling of events will be reported, as well as the reestablishment of these once this epidemiological situation is over.

THE MAYOR

ISIDRO MONZÓ PÉREZ
