

OFICIAL COMMUNICATION

RELEVANT INFORMATION CONCERNING COVID-19 IN SALINAS

In accordance with the plan and protocol drawn up by this Town Hall to prevent and detect COVID-19 in the town of Salinas, today we have received **the results of the analysis** carried out last Tuesday in the different sampling points of the **municipality's sewage system**.

These last results **have been negative in the detection of virus chains** in our population, although taking into account the results of the previous weeks in the different sectors and samples of the Municipality, **we can affirm that both the residential part of the town, as well as the industrial area "La Noria"**, the presence of the virus is negative. For all these reasons, we inform you that at the moment there is **no evidence of the virus in our town**. The results of these analyses have been sent to the Health Authorities so that they are aware of the evolution of the same and serve as support for the monitoring of the situation in our municipality.

At present, **there are no active cases of Coronavirus in Salinas** as a result of the monitoring and PCR tests carried out, although in the past few weeks **there were 5 confirmed positive** by PCR testing, which are **no longer active**, that have complied with the protocol and indications marked by the Health authorities and this has led to **the virus not remaining in our Municipality**.

Therefore the situation is much better than in previous weeks and this Town Council, together with the Health Authorities, has decided **that the Municipal Kindergarten and the Municipal School of Music** should be opened and **from Monday 21st September** other facilities will be opened such as **gardens and parks, sports facilities (with restrictions), a cemetery, etc.**

Public fountains and other facilities will remain closed for the time being as a preventive measure. Even so, **it is recommended that different sectors of the population, take extreme precautions in meetings or situations that may involve a significant gathering of people.**

This Town Council and the Public Health authorities **would like to thank and congratulate the entire population of Salinas and especially those people who have been able to affected by the situation**, for their exemplary behaviour and patience in the face of this situation, also thanking this Town Council for the information provided to enable them to take the appropriate measures.

However, in view of the current situation in the municipalities of our region and at national level, we ask for prudence and responsibility from all the population, complying with the recommended rules of safety and behaviour. Remember that in case you experience any symptom (**fever, diarrhea, lack of taste or smell, persistent dry cough or breathing difficulty**) you must contact the Health Authorities through the **Health Center of Sax (966 957 000)** or through the Generalitat Valenciana's phone number **900 300 555**.

SALINAS, SEPTEMBER 17, 2020
